## THE DIRECTORY

is a mirror reflecting every phase of municipal life and progress. Every business should be correctly and completely listed.

ARE YOU?

# RUTLAND

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Rutland as limited space permits. The local resident, the visitor, and the distant reader about Rutland wish to gain an impression of Rutland as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Rutland's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Rutland City Directory disseminates this information far and wide where this Directory represents Rutland in the Free Directory Library Exchange System of North America. The Rutland City Directory, with over 420 closely printed pages, is the City of Rutland in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Rutland and all interested.

For further information regarding Rutland, address Rutland Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

**LOCATION**—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

**TOPOGRAPHY**—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

**HISTORICAL**—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

**RECREATIONAL**—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico peaks forming a most fascinating sky-line. To the west are more unusually beautiful mountains, in the Bird Mountains and the northern end of the Laconic Range, and to the north a broad valley reaching into the Champlain valley, also to the south an unusually beautiful valley running into Massachusetts and the Berkshires. From any high point in the city of Rutland can be seen the high points of Taconic range to the southeast, which really separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In the summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or base ball parks. There is also mountain climbing to be had within a few miles of the city. The

trail to Mt. Killington, over 4,100 ft. in height, is one of the notable mountain climbing stunts of western New England. For lesser climbs there is Shrewsbury and Pico, and the trails in the Green and Bird Mountains. Lake Bomoseen is also available to Rutland residents and visitors, at a distance of about 10 miles, and is a fine body of crystal clear water, some 8 miles in length. Lake Dunmore, 20 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction, for camping, boating, and bathing. There are other smaller lakes not far distant from Rutland, and easily accessible. The Rutland Country Club has an 18 hole golf course, 6,200 yards, 71 par, professional in charge; club house charges to visitors \$1.50 per day.

Of particular interest to outdoor sports lovers is the proximity of the "Long Trail," which passes within 15 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing the following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland and Mendon, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of little Killington and Killington, little Pico, and Pico. This is one of the most famous trails in eastern North America, and has a large number of hikers annually. Rutland is one of the supply points on this trail. For the past few years there has been agitated a sky-line highway over the Green Mountains that would pass the east of Rutland near the route of this Long Trail and would bring many visitors to Rutland. There is a winter sports area on Pico peak much frequented by Rutland ski enthusiasts.

**INDUSTRIAL**—Rutland leads the State in industry. In 1930 there were 37 major plants producing \$6,118,927. Employing 1,642 with a payroll of \$2,093,861 annually. Materials used annually cost \$2,386,421. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$6,642,906, value of products annually \$17,950,765. The leading products are antiseptics, medical products, awnings, flags, barrels, confectionery, cement, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are 44,184 farm animals in the county; 92% of the labor supply is native born. Average work day in factories is 8 hours, in building trades 8 hours. Available industrial sites are of the best and on trunk line railroads.

**FINANCIAL**—Rutland has 7 banks and 1 co-operative bank. There are 4 national banks with capital and surplus of \$1,040,000 and deposits of \$5,785,000; 1 trust company with capital and surplus of \$424,000 and deposits of \$2,000,000; 2 savings banks with resources of \$22,000,000. There is 1 trust company in Proctor. This makes a total of 8 banks covered by this Directory. City real estate valuation is \$13,277,970.00, assessed at about two-thirds value.

**EDUCATIONAL**—There are 8 elementary schools, 1 high and 1 intermediate, making a total of 11 schools, 2 Parochial. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 82 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,192. The parochial school enrollment is over 1,265. Public Library has 27,948 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

**POPULATION**—The 1939 population of Rutland City was 17,500. Rutland Town and City 18,695. Excess of females over males is 800. Excess of births over death is 960 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; \*1890, 11,760; \*1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446; 1930, 17,315. Total population covered by this directory is 26,283.

**MERCANTILE**—Rutland is a trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. It has 300 fine stores, retail and wholesale; it has 200 professional offices. The annual payroll of the Rutland industrial district is over \$6,000,000, for all workers within the city is well over \$7,000,000.

**TRANSPORTATION**—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is 253,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam. The airport has a runway of 1,900 feet north and south and 1,200 feet east and west.

**MISCELLANEOUS**—Rutland has 55.8 miles of streets with 9.27 first class, 19.75 second class, 24.93 third class, 1.87 fourth class. City owns \$754,000 real estate not including school property. Water reservoir capacity 4,704,520 gallons; increase of 11% domestic water users in past 7 years; total minimum yield of watershed is 11,024,360 gallons per day; daily average consumption is 2,500,000 gallons; average water pressure is 85 pounds. Post Office receipts are about \$110,000 annually; money order business runs over \$600,000 annually; increase in postal receipts in 10 years is \$41,000. Fire Department has 2 stations with 26 men. Police Department has one central station with 14 men. 3 playgrounds with weekly attendance of over 2,000. 1 hospital with 150 beds and annual patients of over 2,000. 14 churches, 50 fraternal orders. Nearly 4,000 dwellings with average of 5.2 persons per dwelling. There are 7 hotels with transient capacity of about 500, there are inns with transient capacity of 250, making a total transient capacity of 750. There is a Chamber of Commerce with over 150 members to which we are indebted for a portion of statistics used in this descriptive section.

\*Area reduced from previous census.

Stop and Consider the Advantages of  
Being INSURED in the

## STATE MUTUAL INSURANCE COMPANY

RUTLAND, VERMONT

Low Annual Rate of Assessment

LOW LOSS RATIO

WHY?

BECAUSE IT REJECTS the More Hazardous  
Classes of Property

BECAUSE Its EXPENSE of MANAGEMENT is  
SMALL

Ask us to give you RATES on either the Mutual, Dividend  
or Non-participating Plans

INQUIRIES SOLICITED

**Directories of Any City  
 Supplied at Short Notice  
 H. A. MANNING COMPANY**

## Your City Directory

Do not say a name is not in the Directory because you do not readily find it. You may not know the correct spelling under which it is listed.

Do not say a Church, Club Association or Institution is not listed in the Directory because you cannot find it. Study the Index to Contents page—the second white page in the Directory and Learn where to look.

Do not condemn the authenticity and completeness of YOUR City Directory without giving it a fair trial. Study it and learn its many valuable features with which you are not familiar. It is the greatest example of compiling and indexing of live information about your home locality anywhere to be found.

## MANNING'S Rutland Numerical Street Directory 1940

Copyright 1940, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of room in building.

ADAMS STREET		Left	Right	Left	Right
From 67 North to Field av. G-13

THE BEST ADVERTISING MEDIUM IS THE

# CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

**FIRST**—What line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

The Classified Business Headings in  
the City Directory will tell you.  
The City Directory is the  
most complete local

## BUYER'S GUIDE

available to residents of any city.

1940—RUTLAND DIRECTORY—1940

341

# Publishers' Notice

The following pages are devoted to the interests of industrial, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed there for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. Rutland thus writes a milestone in its history that must have far reaching effects in its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some big men in Rutland have had such a belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

H. A. MANNING CO.

Publishers.

## WHEN YOU PLACE YOUR AD IN THE CITY DIRECTORY

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

# The Churches

WITH A TOTAL OF FIFTEEN, representing all the leading denominations, Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlandians of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

# The Churches

**W**ITH A TOTAL OF FIFTEEN, representing  
all the leading denominations, Rutland is  
well supplied with churches.

These noble edifices placed at intervals about  
the city add much to its attractiveness and  
charm.

It is the belief of many Rutlandians of vision  
that this full and adequate supply of churches  
is one of the greatest of the many resources of  
the city.

That for newcomers it is a factor that makes for  
the ready assimilation into the religious and  
social life of the community and hastens the  
time required to make citizens of the strangers  
who come to us.

The church of today is the greatest of all in-  
stitutions for the planting of good thoughts in  
the minds of the people and stands as the bul-  
wark against degrading influences that sur-  
round us.

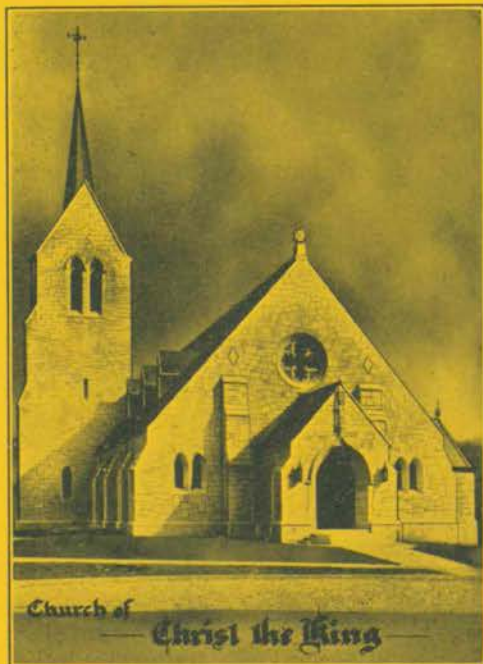

Therefore let us give a thought to these insti-  
tutions that form so great a part of our city life  
and in visualizing our future greatness let us  
remember their value as

**A Factor for Progress**

## EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

## INDUSTRIAL RUTLAND

As an Industrial Center, Rutland is in the pioneer class. Long before modern transportation came, Rutland had its industrial structure founded. For many years the destinies of the industries here were guided by local men, and the present plants are the result of the energies of Rutland men.

Among the largest and oldest industries are marble and granite quarries, weighing scales, iron works, maple sugar makers' supplies, machinery, plaster, clay products, tin cans, sweeping compounds, railroad car repairs, fire clay, glass, concrete pipe and products, burial vaults, archery supplies, cemetery memorials, etc.

Rutland—the first city in Vermont industrially, manufactures products valued at nearly \$10,000,000 annually. There are 37 principal industries employing 1,900 and paying wages of over \$2,000,000 annually.

In the Greater Rutland industrial district there are 113 plants with 5,117 employees, and a payroll over \$7,000,000, with annual products valued at \$18,000,000. The quarrying of marble, slate lime, talc, soapstone, and fire-clay is extensive. Agriculture and fruit raising are important.

Average work day in factories is 8 hours. Available industrial sites are plentiful, and located on trunk line railroads.

## Manufacturers of Machinery for

**Sawing, Fabricating, Polishing Stone,

## **When You Place Your Ad in the City Directory**

You are not only talking to all persons looking for goods in  
your line, but are backing up all the other advertising  
you are doing or have done. Many times every day people  
are looking you up in the directory who have seen your ad-  
vertisement elsewhere. The representation in the direc-  
tory is your closing argument—should it be WEAK? We  
believe there is only one business answer to this.
